

CONSTRUCTION NOTIFICATION

Coastal GasLink is committed to creating an extraordinary legacy of safety and respect for all people, communities and the environment. As part of this commitment, we are keeping our neighbours along the project route informed on construction. Please note the following information:

What: Open burning of vegetative matter such as non-merchantable trees, stumps, roots, shrubs, branches and other debris from regulatory approved clearing activities.

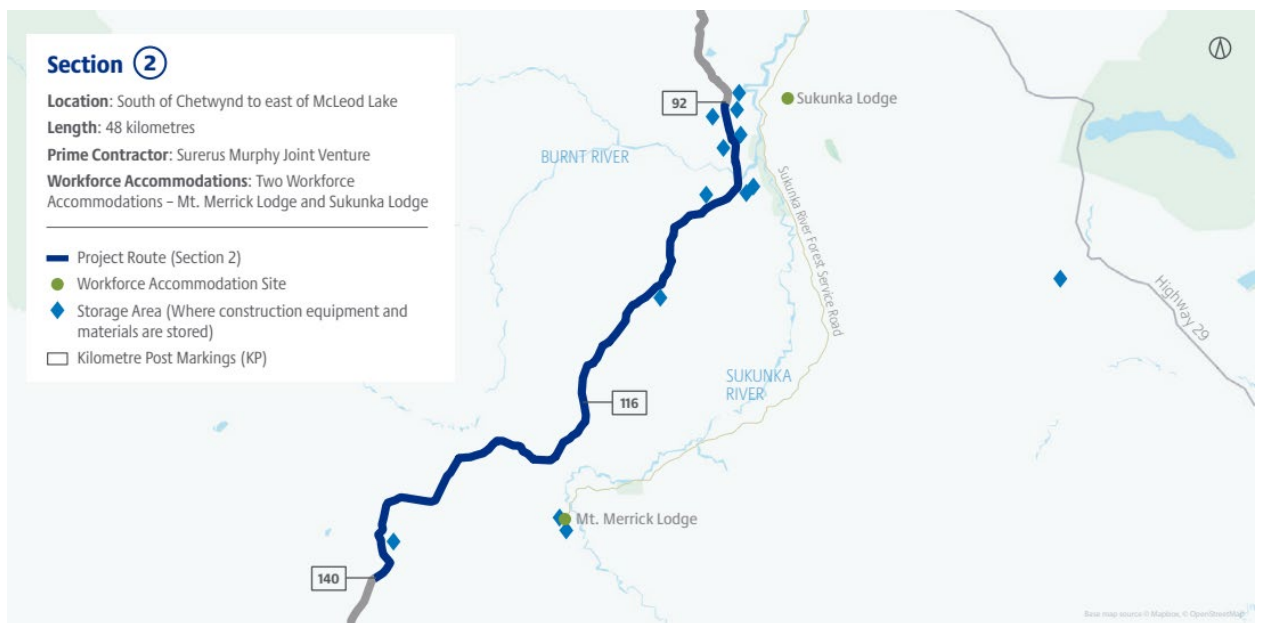

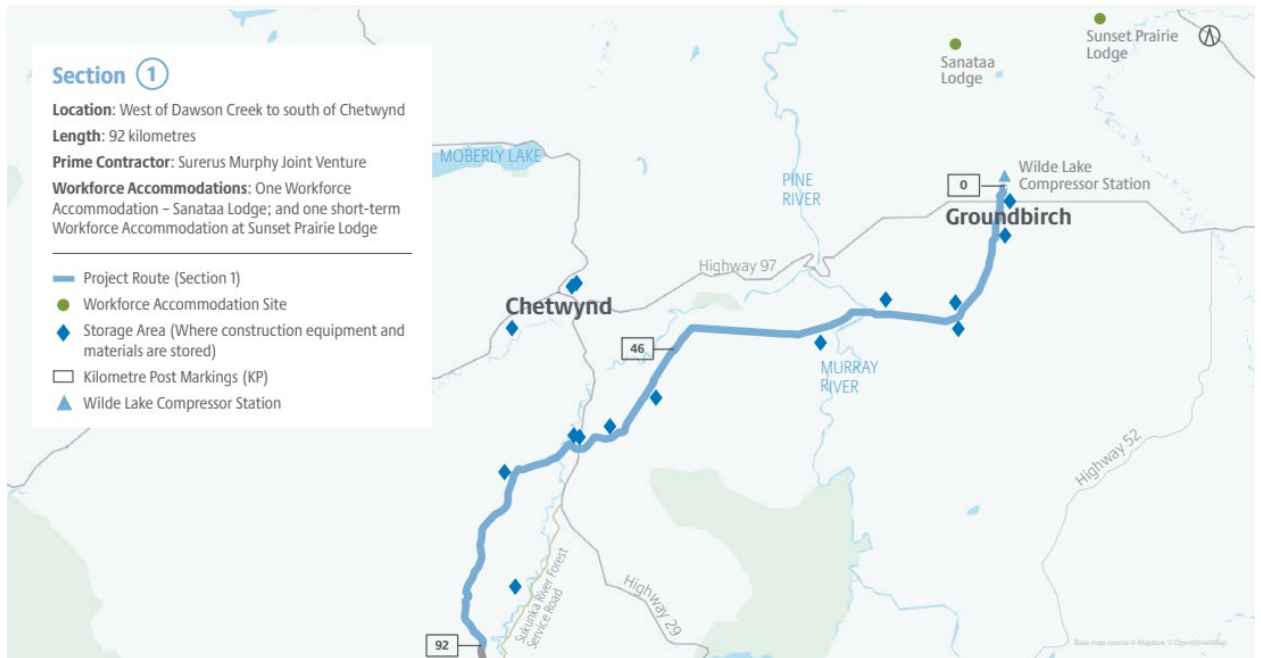

When: As an extension of the [May 2022 notification](#), burning activities are expected to continue into January 2023 and may be conducted daily when weather conditions permit. Burning is anticipated to continue until the end of March 2023 in some areas.

Where: This activity is planned for KP 0.3 to KP 140.

Expected Duration: January 2023 through to the end of March 2023.

Potential Impact: Permits and authorizations are in place and will be done in compliance with the BC Open Burning Smoke Control Regulation, Forest Fire Prevention and Suppression Regulation, and the Wildfire Regulation. Safety and fire prevention plans are in place. All burning activities will be done in accordance with the Project's Environmental Management Plan and will be carefully planned and monitored, including for air quality and emissions.

Maps: Please see map(s) below.

Questions regarding these activities or general project construction can be directed via email to coastalgaslink@tcenergy.com or by phone to 1-855-633-2011.
