Dean Patry, President
Prince Rupert Gas Transmission Project

Rick Gateman, President
Coastal GasLink Pipeline Project
760 Kinsmen Place
Prince George, BC V2M 0A8

Dear Mr. Gateman and Mr. Patry:

The Terrace and District Chamber of Commerce has been following with great interest the development of your projects, Coastal GasLink Pipeline Project and Prince Rupert Gas Transmission Project. Your projects announce a new era for the economy of northwest BC and the province as a whole.

Upon successful completion of all the necessary environmental review processes and with your commitment to responsible development in the LNG sector in general, the Terrace and District Chamber of Commerce will be very pleased to extend their support for the construction of these projects.

Terrace is growing and diversifying as an economic and service hub for all of northwestern B.C. The planning and regulatory review period for TransCanada's projects has generated considerable activity here, particularly in our environmental services and engineering services sectors. We have also noticed your presence at regional conferences and project-related information events and appreciate your engagement with our community.

And, we believe, this is just the start. Natural gas pipeline construction holds out the prospect for local contracting, supply and employment opportunities. We anticipate increased business for our retailers, contractors and professional service providers during the construction period.

The Terrace & District Chamber of Commerce looks forward to communicating with you on the benefits of your doing business with our members and making use of the many services available in Terrace. We see your pipelines and LNG development as a great opportunity for our businesses to grow and we want to assure you of a warm welcome in Terrace as your projects move forward.

Sincerely,

Terrace and District Chamber of Commerce
