Coastal GasLink Pipeline Project
760 Kinsmen Place
Prince George, BC V2M 0A8

Attention: Rick Gateman, President

Dear Mr. Gateman,

On behalf of the Kitimat Chamber of Commerce, I am writing to convey our support for the Coastal GasLink pipeline project.

The project will bring much prosperity to the region as Coastal GasLink continues to work on the conditions set out in their Environmental Assessment Certificate and to continue to work closely with local communities to maximize local sustainable growth.

We recognize that Coastal GasLink has been designed to supply natural gas to the LNG Canada facility here in Kitimat, a global-scale development that promises to create permanent local jobs, business expansion and substantial new municipal tax revenues. We know that Kitimat's LNG opportunity needs this natural gas pipeline, and that it presents an enormous opportunity for our members.

Kitimat is looking forward to a prosperous future and we appreciate the efforts of Coastal GasLink and TransCanada in getting to know us and joining our organization. Our members have much to offer your project in terms of experience, quality and reliability.

We are looking forward to a final investment decision from LNG Canada in the near future and the opportunity to continue to work with Coastal GasLink and the development of the LNG industry in our region.

Sincerely,

Derick Stinson
Chair
Kitimat Chamber of Commerce
