

Construction Notice: Pipe transport by rail and truck

Coastal GasLink is committed to creating an extraordinary legacy of safety and respect for all people, communities and the environment. As part of this commitment we are keeping our neighbours along the project route informed on construction activities.

What: Movement of pipe by truck and rail to permitted storage sites so it is available for assembly later in 2020 and 2021.

When: Starting week of Dec. 2, 2019 and continuing through April 2021.

Where: Pipe segments will be transported by rail and truck to storage sites at various locations along the project route.

What to expect: While this activity will be visible to road users and local communities, no road closures or significant traffic impacts are expected. Safety is our number one value at all times and traffic management and safety plans will be in place to minimize impacts on local roads, and maximize safety.

Additional schedule and location details will be provided at **CoastalGasLink.com**.
