

CONSTRUCTION NOTIFICATION

Coastal GasLink is committed to creating an extraordinary legacy of safety and respect for all people, communities and the environment. As part of this commitment, we are keeping our neighbours along the project route informed on construction. Please note the following information:

What: Open burning of vegetative matter such as non-merchantable trees, stumps, roots, shrubs, branches and other debris from regulatory approved clearing activities.

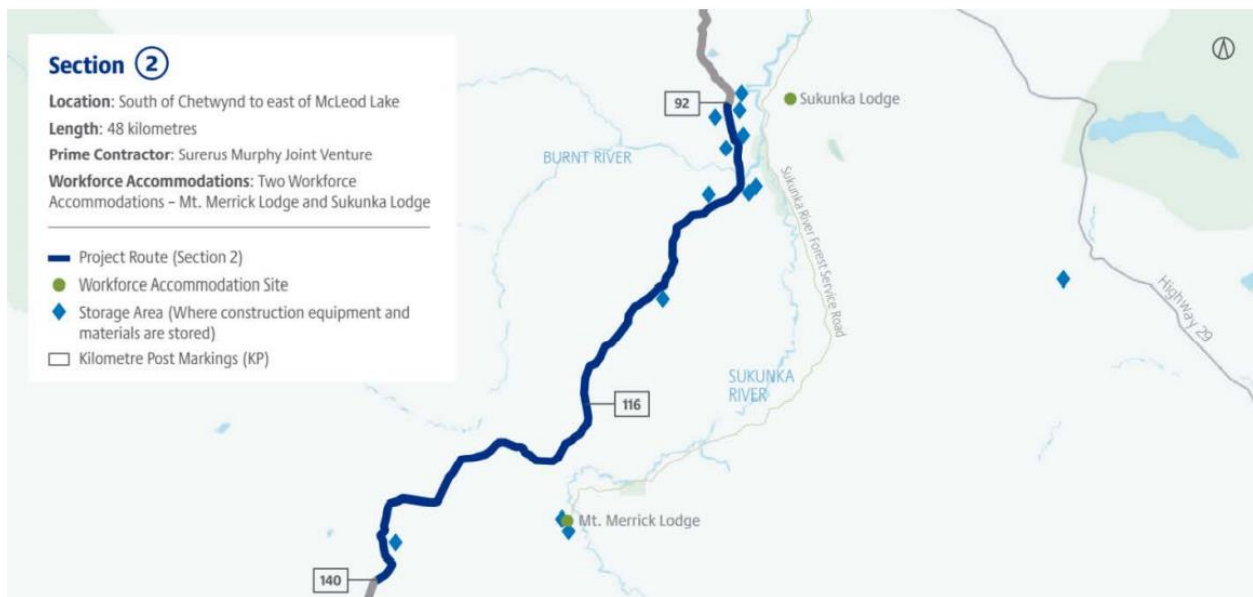

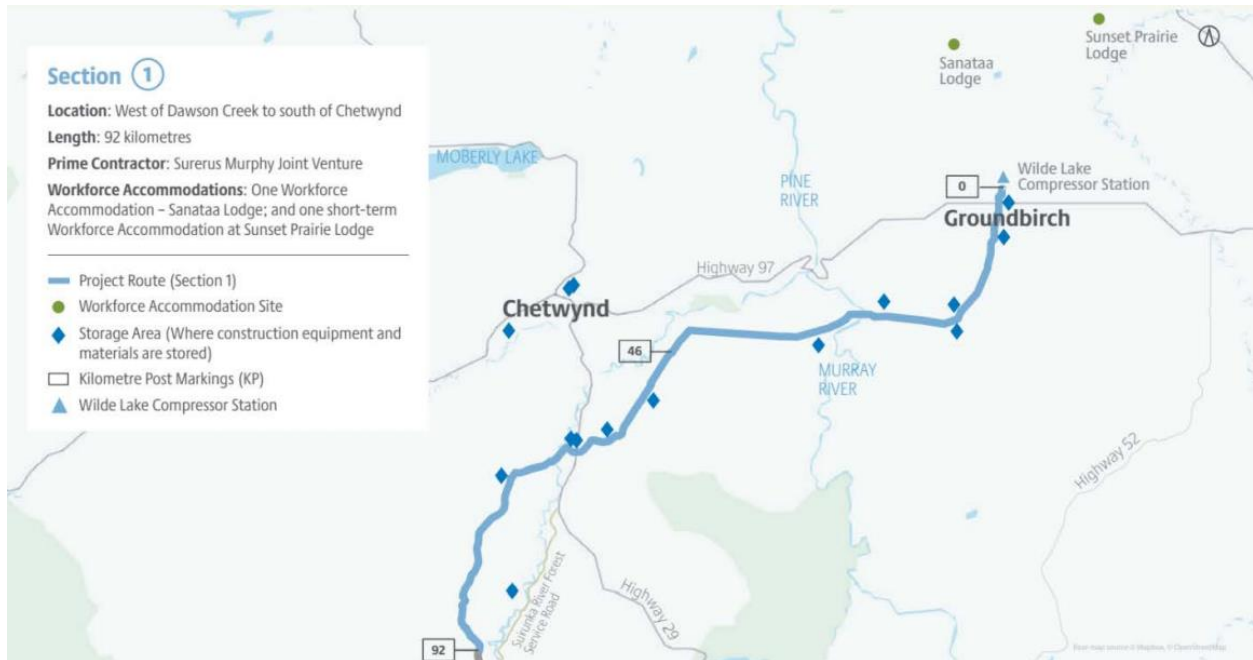

When: As an extension of the April 2021 notification, burning activities are expected to continue for into September 2021 for Sections 1 & 2 and may be conducted daily when conditions permit. Burning activities are also expected to begin for the Groundbirch Connector for this duration as well. All burning is anticipated to continue until the end of December 2021 in some areas.

Where: This activity is planned for KP 0.3 to KP 140 in Section 1 & 2, and KP 0 to KP 3.2 for Groundbirch Connector.

Expected Duration: September 2021 through to the end of December 2021.

Potential Impact: Permits and authorizations are in place and will be done in compliance with the BC Open Burning Smoke Control Regulation, Forest Fire Prevention and Suppression Regulation, and the Wildfire Regulation. Safety and fire prevention plans are in place. All burning activities will be done in accordance with the project's Environmental Management Plan and will be carefully planned and monitored, including for air quality and emissions.

Maps: Please see map(s) below.

Questions regarding these activities or general project construction can be directed via email to coastalgaslink@tcenergy.com or by phone to 1-855-633-2011.
