

CONSTRUCTION NOTIFICATION

Coastal GasLink is committed to creating an extraordinary legacy of safety and respect for all people, communities and the environment. As part of this commitment we are keeping our neighbours along the project route informed on construction activities happening near their community. Please note the following information:

What: Drone or Remotely-Piloted Aircraft (RPAS) operation will occur in Section 1 along the Project Right-of-Way to survey route topography for clearing activities. All drone operations will be in accordance with provincial and federal regulations.

When: Expected to begin as early as January 22, 2020 and last until end of February 2020.

Where: This activity is planned for KP 58 to 61 along the project route. Please see map below.

Potential Impact: There are no anticipated impacts to the public. Authorization and licensing are in place and drone operation will be done safely in compliance with Canadian Aviation Regulations. All drone operations will be carefully planned and monitored during the activity period.

Questions regarding these activities or general project construction can be directed via email to coastalgaslink@tcenergy.com or by phone to 1-855-633-2011.
