

CONSTRUCTION NOTIFICATION

Coastal GasLink is committed to creating an extraordinary legacy of safety and respect for all people, communities and the environment. As part of this commitment we are keeping our neighbours along the project route informed on construction activities happening near their community. Please note the following information:

What: As part of the construction activity for the Wilde Lake Compressor Station, there will be a portion of the 269 Road closed, heading north of Highway 97.

When: Beginning on September 30, Road 269 will see possible traffic delays between 7 a.m. – 7 p.m. for the duration of the construction period.

Where: 800 metres of the 269 Road will be closed between Highway 97 and the 212 Road. Please see map as part of this notification.

Expected Duration: The 269 Road closure will take place from September 30 through to October 3, 2020.

Potential Impact: There will be impacts to traffic flow during this time period. Access to the 269 Road will be available from Highway 97 and from 212 Road, with no access in between. This should not impact any local resident traffic. Additional signage and flagging personnel will be present, as required, to help guide traffic.

Questions regarding these activities or general project construction can be directed via email to coastalgaslink@tcenergy.com or by phone to 1-855-633-2011.
