

CONSTRUCTION NOTIFICATION

Coastal GasLink is committed to creating an extraordinary legacy of safety and respect for all people, communities and the environment. As part of this commitment, we are keeping our neighbours along the project route informed on construction. Please note the following information:

What: Open burning of vegetative matter such as non-merchantable trees, stumps, roots, shrubs, branches and other debris from regulatory approved clearing activities.

When: As an extension to the [October 12 notification](#), burning activities will continue in January 2022 and may be conducted daily when conditions permit. Burning is anticipated to continue until the end of December 2022 in some areas. Burning activities are run continuously for 24hrs per day, and crews will be active on both day and night shifts when burns are active/planned.

Where: This activity is planned in Section 7 for KP 521.000 to KP 583.179.

Expected Duration: Start of January 2022 through to the end of December 2022.

Potential Impact: Permits and authorizations are in place and will be done in compliance with the BC Open Burning Smoke Control Regulation, Forest Fire Prevention and Suppression Regulation, and the Wildfire Regulation. Safety and fire prevention plans are in place. All burning activities will be done in accordance with the project's Environmental Management Plan and will be carefully planned and monitored, including for air quality and emissions.

Maps: Please see map(s) below.

Questions regarding these activities or general project construction can be directed via email to coastalgaslink@tcenergy.com or by phone to 1-855-633-2011.
