Withdrawal of Unist'ot'en and Tsewedieth from April 12, 2019 Access Protocol with Coastal GasLink

We are writing to inform you that Tsewedieth (Rocks Flowing) ("Rocks Flowing") and the chiefs that collectively signed on behalf of Dark House and Unist'ot'en (collectively "Dark House") are withdrawing from the Access Agreement signed with Coastal Gas Link ("CGL") and dated for reference April 12, 2019 (the "Access Agreement") as of January 10, 2020. Rocks Flowing and Dark House have drafted this letter as written notice pursuant to section 6.6 of the Access Agreement and are providing 10 days notice in accordance with the Access Agreement.

The collective decision to withdraw from the Access Agreement has been made because the bridge monitoring building constructed adjacent to the west side of the bridge over Wedzin' Kwa (the Morice River) has been completed. As a result, the terms of the Access Agreement are generally no longer necessary for Dark House.

Dark House requests that the financial payments referred to as the "Ongoing Security Payment" in the Access Agreement made to Rocks Flowing by CGL be stopped. Dark House will continue to utilize its own people for the purpose of monitoring access across the bridge over Wedzin Kwa.

While Dark House is generally opting out of the Access Agreement, Dark House requests that the terms of the Access Protocol continue to be followed for CGL's access across the Morice River Bridge as set out in Schedule A to the Access Agreement.

Any unused funds from the Ongoing Security Payment will be provided from Rocks Flowing to CGL as soon as possible pursuant to Section 6.6 of the Access Agreement. To facilitate payment of these funds, please provide notification of how CGL would like to receive these funds from Dark House.

Regards,

Signatories for Themselves and on Behalf of the Members of Unist'ot'en and Dark House
